

Principales commandes de Audacity

The image shows the Audacity software interface with several callouts pointing to specific tools and functions:

- Sélectionner un passage**: Points to the selection tool (I).
- Rendre muet ce qui est hors de la sélection**: Points to the 'Mute' button (speaker with a slash).
- Rendre muette la sélection**: Points to the 'Mute Selection' button (speaker with a slash).
- Supprimer la sélection**: Points to the 'Delete' button (trash can).
- Copier la sélection**: Points to the 'Copy' button (document with a plus sign).
- Coller**: Points to the 'Paste' button (document with a plus sign).

The interface includes a menu bar (Fichier, Édition, Sélectionner, Affichage, Transport, Pistes, Générer, Effets, Analyse, Outils, Aide), a toolbar with playback and editing controls, a transport control bar, and a main editing area with two tracks. The top track is labeled '2-nettoyer b' and the bottom track is '2-nettoyer bruits de fond'. The audio waveform is visible in both tracks.
